Launch second call on Assumptions

The Netherlands Ministry of Foreign Affairs (MFA) and NWO-WOTRO fund research scrutinising the Theory of Change of the Ministry of Foreign Affairs' policy framework Dialogue and Dissent, and especially its underlying assumptions. This second call for proposals focuses exclusively on theme three of the programme: ‘Civic Space under Pressure’.

**NWA-SDG information and network meeting**

In 2018, an extra 70 million euros will be made available for the Dutch National Research Agenda. An information and networking meeting for the route 'Sustainable Development Goals for inclusive global development' was organised at 6 June. To support consortium formation, NWO-WOTRO will inventarise and share proposals in development. If you wish to share your SDG-research idea to find missing expertise, you can fill out the form on the [WOTRO-NWA page](#).

CGIAR Planning and Evaluation meeting

The CGIAR partnership is aimed at advancing food system knowledge and joint public and private innovation. During the meeting, priorities were set to strengthen and fine tune the research planning also in line with new CGIAR and Dutch policy developments and documents, and to start discussing the priorities and set up of a potential next phase of this partnership.

Report workshop Food & Business ARF projects in Ethiopia

Last February, two Food & Business Applied Research Fund meetings took place in Ethiopia. Fifteen projects from the third ARF-call came together to learn and exchange on the topics of co-creation and research uptake. At the last day, a public seminar was organised to translate lessons into practice. The full report and video are now available.
