### KIC 2020-2023: Four main lines for PPP research funding

<table>
<thead>
<tr>
<th>Main line</th>
<th>Description</th>
<th>Roles participants</th>
<th>Co-funding</th>
<th>Implementation</th>
<th>Budget</th>
<th>Project size</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. MISSION</td>
<td>Standardised mission-driven, thematic calls aimed at priorities identified in the six knowledge and innovation agendas</td>
<td>Knowledge institutions: Initiate projects</td>
<td>10% (cash or in-kind; private) or 30% (with at least 50% cash private contribution) at the project level</td>
<td>Calls on topics/missions (incl. cross-overs between agendas)</td>
<td>5-15 M€ per call; 1-2 calls per agenda per year; 55 M€ per year in total</td>
<td>750 k€ - 4 M€</td>
</tr>
<tr>
<td>2. DEMAND</td>
<td>Partnerships aimed at research and innovation questions of private and public partners</td>
<td>Partners: Contribute to projects by participating and contributing financially</td>
<td>50% cash from partners (private &amp; public); at least 30% is private</td>
<td>Counter for partnerships; selected partnerships result in a call or sandpit(-like) procedure</td>
<td>3-10 M€ per partnership (incl. co-funding); 15 M€ yearly budget for all agendas</td>
<td>750 k€ - 4 M€ with some room for tailored solutions</td>
</tr>
<tr>
<td>3. STRATEGY</td>
<td>Large, long-term, strategic collaborations</td>
<td>Agendas (missions): Prioritise topics/missions</td>
<td>Tailored agreement based on the nature of the collaboration. NWO contributes at most 25-33%, up to 25 M€, of the total costs. Knowledge institutions contribute as well and carry, together with the other partner(s) 67-75% of the total budget (cash &amp; in-kind)</td>
<td>Counter for initiatives for large, long-term, strategic collaborations; tailored, stepwise assessment procedures</td>
<td>30-100 M€ (total budget over 10 years) per collaboration; NWO budget 120 M€ for KIC 2020-2023 (incl. current collaborations)</td>
<td>Not applicable</td>
</tr>
<tr>
<td>4. PRACTICE</td>
<td>Practice-driven instruments aimed at strengthening applied research capacity, calls targeted to universities of applied sciences and specific attention for SMEs and regional partners.</td>
<td>NWO (incl. NWO KIC-council): Topic selection and implementation calls</td>
<td>Varies per instrument: SPRONG: 50%; L.INT: 50%; KIEM (e.g. GoChem/GoCI): 20%</td>
<td>Calls on topics/missions Innovation internships aimed at collaboration with SMEs</td>
<td>SPRONG: 10 M€; L.INT: 3 M€; KIEM (e.g. GoChem/GoCI): 3 M€ Innovation internships: 2 M€</td>
<td>SPRONG: 2 M€; L.INT: 200 k€ (individual grants for lecturers); KIEM (e.g. GoChem/GoCI): 20 k€</td>
</tr>
</tbody>
</table>

---

1 Universities, institutes, UMCs, universities of applied sciences and where applicable TO2

### Roles

#### Partners
Contribute to projects by participating and contributing financially

#### Agendas (missions)
Prioritise topics/missions

#### NWO (incl. NWO KIC-council)
Topic selection and implementation calls

### Co-funding
10% (cash or in-kind; private) or 30% (with at least 50% cash private contribution) at the project level

### Implementation
Calls on topics/missions (incl. cross-overs between agendas)

### Budget
- 5-15 M€ per call; 1-2 calls per agenda per year; 55 M€ per year in total
- 3-10 M€ per partnership (incl. co-funding); 15 M€ yearly budget for all agendas
- 30-100 M€ (total budget over 10 years) per collaboration; NWO budget 120 M€ for KIC 2020-2023 (incl. current collaborations)

### Project size
- 750 k€ - 4 M€
- 750 k€ - 4 M€ with some room for tailored solutions
