**Details on your poster at the Physics@Veldhoven 2022 online platform**

1. **Language:** All posters should be prepared in English.
2. **File format:** pdf.
3. **Size:** max. 5 Mb.
4. **Layout:** Landscape or portrait.
5. **Font size:** we advise you to use ≥12 pt.
6. **Media:** Images/photos, graphs and tables can be included in the poster.
7. **Video formats:** this should be a link to a Vimeo or YouTube video from your own account.

**Details on your presentation at NH Koningshof**

1. The poster sessions take place in the Kempenzaal/Genderzaal on Tuesday 25 January 2022 from 16.45-17.45 hrs. (even numbers) and Wednesday 26 January 2022 from 13.20-14.20 hrs. (odd numbers) CE(S)T.
2. Posters should be hanged in their designated spot indicated by your poster number at the start of the day and removed at 18.00 hrs. Posters that are not removed will be discarded.
3. Posters need to be in A0 format, vertically oriented/portrait.
4. Please clearly indicate the title, author(s) and affiliation on your poster.
5. As presenting author we ask you to be present during your appointed time-frame.

**Physics@Veldhoven Poster Prize regulations**

**Background**
The Physics@Veldhoven Poster Prize has been established to underline the importance of a clear and engaging presentation of research results. The prize is presented yearly to the author of the best poster at Physics@Veldhoven.

**Prize**
The Physics@Veldhoven Poster Prize consists of an amount of € 500 to be spent at liberty by the winner. Only one prize per applicant can be awarded.

**Evaluation criteria**
The posters will be judged on the following aspects: the quality of the scientific content, the way in which the research and the results are explained on the poster, the lay-out and design of the poster, and the oral description by the presenting author. In order to be eligible for the Poster Prize, the presenting author of the poster has to be present during their appointed time-frame, as well as during the Poster Prize award ceremony on Wednesday at the end of the day.

**Procedure**
The evaluation consists of two steps. First, an expertise-broad committee will nominate a selection of posters for every topic. Secondly, a jury consisting of four members will choose one winner from the list of nominations.

**Award ceremony**
The Physics@Veldhoven Poster Prize will be awarded on Wednesday 26 January 2022 at the end of the conference day in the Beneluxzaal. If the nominated winner is not present during the ceremony, the prize will be awarded to the runner-up.
Science Communication Poster Prize

Background
In 2018 NWO has introduced a Science Communication Poster Prize. This poster prize stimulates researchers to pay attention to science communication. The prize focusses specifically on the science communications aspects of the poster and its presentation. Key aspects here will be the presentation, both oral and on the poster, and how well the poster is geared towards the broad physics audience present at Veldhoven.

Prize
The Physics@Veldhoven Science Communication Poster Prize consists of an amount of € 250 to be spent at liberty by the winner. Only one prize will be granted.

Evaluation criteria
The posters will be judged on the following aspects: presentation on the poster, oral presentation, originality, out-of-the-box use of the poster medium, innovative presentation aids and addressing the broad physics audience. In order to be eligible for the Poster Prize, the presenting authors of the posters have to be present during their appointed time-frame (depending on the even or odd number of the poster), as well as during the Poster Prize award ceremony on Wednesday.

Procedure
A jury consisting of science communication experts and journalists will select the winning poster for the Science Communication Poster Prize.

Award ceremony
The Physics@Veldhoven Science Communication Poster Prize will be awarded on Wednesday 26 January 2022 at the end of the conference day in the Beneluxzaal. If the nominated winner is not present during the ceremony, the prize will be awarded to the runner-up.

Public vote Poster Prize

Background
This year participants can once again vote for their favorite poster online at the platform.

Prize
The Physics@Veldhoven Public vote Poster Prize consists of an amount of € 250 to be spent at liberty by the winner. Only one prize will be granted.

Award ceremony
The Physics@Veldhoven Public Vote Poster Prize will be awarded on Wednesday 26 January 2022 at the end of the conference day in the Beneluxzaal. If the nominated winner is not present during the ceremony, the prize will be awarded to the runner-up.
